Education:

BA Graphic Design Salisbury University,
Salisbury, MD 2009

Experience:

Euro Gourmet - Marketing Director
October 2010 - Current

Here I create and manage websites that display and sell the products of Euro Gourmet and its sub companies. I design all of the marketing materials, as well as take all of the photos used on the website. I also market the company using online outlets, such as weekly emails to our mailing list, and promotions through social networking websites.

VK Web Studios - Creative Director / Photographer
June 2010 - Current

Here I create websites and branding to client specification. Some of the websites that I have worked on with this company include Pure Boardshop, Capstone Lifestyle, and ViperKorp.

The Walt Disney Company - Photographer
August 2009 - January 2010

I was a Photopass Photographer for the Walt Disney Company in Orlando, Florida. Here I progressed my knowledge of photography while took an average of 800-1,000 photos a day. More importantly, I learned the traditions and values of the Walt Disney Company.

Insurance Solutions - Graphic Designer (Freelance)
2006 - Present

I re-designed the entire corporate branding and identity. I worked on layout for documents and power points, as well as excel spreadsheets. I did various graphic design work, such as vectoring client logos and creating website headers personalized for each client.

Zancan Press - Graphic Design Intern
June - August 2008

I worked on various company identity projects with clients, including logo design and vectoring drawings. Created a magazine layout for NACHC.

Experience Cont'd:

Salisbury University - Graphic Design
November 2008

I designed the Holiday card for Salisbury University and worked with the publications department to ensure that the card was designed to the University code.

East of Maui Annapolis - Graphic Design
June - August 2009

I designed skateboard and tee shirt graphics using the current East of Maui logo and brand identity as well as my own original designs.

City of Salisbury - Sculpture Design
September 2006 - October 2007

I created a 2-D sculpture depicting Asclepius, the Roman God of medicine and healing for Peninsula Regional Medical Center.
